Daniel:

The organization of the information is not exactly like I want it. Here are my comments:

1. We don't need the pollution reports in the assessment report. This will be in the removal report.
2. I would like the data separated by type of container if possible (Frac Tanks, Aboveground Storage Tanks, Wastewater Aboveground Storage Tanks, Secondary Containment, etc.) Also, I would like you to pull in the data from the ER Report and indicate that it came from the ER Report. If you have questions, please contact me.
I will review the narrative and get back to you.

Thanks
